

simple green® USES & DILUTIONS CHART

Simple Green All-Purpose Cleaner/Degreaser works with hot or cold, fresh or salt water. Mix appropriate solution using the Applications/Dilution Ratio Chart below. These are guidelines; cleaning jobs vary. Try the economical ratio suggested first; then strengthen or repeat application if necessary.

If in doubt, spot test on hidden surface first. Do not use on leather, suede, pearls, opals, plastic vehicle instrument panels, or non-washable surfaces.

RATIOS

(Convenient, approximate ratio examples using familiar measures are included.)

1:1 to 10:1	Mix half & half with water up to adding 10 parts water to 1 part Simple Green <i>(10:1 = 1 cup water to 1 oz. (1/8 cup) Simple Green)</i>
30:1	Add 30 parts water to 1 part Simple Green <i>(1 quart water to 1 oz. Simple Green)</i>
50:1	Add 50 parts water to 1 part Simple Green <i>(1 quart plus 2 cups water to 1 oz. Simple Green)</i>
150:1	Add 150 parts water to 1 part Simple Green <i>(16 oz. water to 1 teaspoon Simple Green)</i>

***NOTES**

FORM #U05-4/02

Note 1	Unplug cord from outlet. Do not get Simple Green or water in cord connection, cord or plug.
Note 2	Do not spray directly on surfaces. Apply to rag and wipe.
Note 3	Wet surface first, apply Simple Green, scrub if necessary, rinse.
Note 4	Four to five squirts of Simple Green over dishes on each rack. Use 1/2 to 2/3 regular amount of detergent.
Note 5	Always spot test on hidden area first.
Note 6	Do not use on unfinished wood furniture.
Note 7	Pearls, opals, or other porous stones should not be exposed to any cleaning solution.
Note 8	Washing Machines: Add ¼ cup full-strength Simple Green to water-filled tub. Use ½ or less of regular detergent.
Note 9	Thoroughly wet fur, pour on (avoiding eyes), rub fur, rinse thoroughly. Do not wash cats or rodents.
Note 10	Wet floor with hot water, apply Simple Green, let stand for several minutes, rinse with hot water.
Note 11	Do not use on plastic instrument panel. Protect from over-spray.

Please contact your local Environmental Agency to learn and obey all state and federal regulations regarding the disposal of effluent and rinse water into sewer systems, gutters, storm drains, and waterways.
